

**DERBYSHIRE DALES GROUP
PEAK DISTRICT WEEKEND JUNE 2018**

Based at Alison House Hotel.....

.....in Cromford near Matlock on the edge of the Peak District National Park, making the Hotel with its beautiful grounds an ideal base for touring the area.

Over 40 people attended in around 20 cars including a couple of E-types and a variety of moderns.....

Steve and Julie Buxton's TR250 split it's oil cooler, but a bypass was engineered

Cat's pushrod tube leaks were spreading oil over the nearside of the engine, so he had to devise a running repair to avoid having to purchase more 20-50....!!

Convoy runs around the area were organised on Saturday, taking in Ladybower reservoir (Where the Lancaster bombers trained for their bouncing bomb assaults on the dams in Germany) and the Woodhead and Snake passes, and on Sunday, finishing at the Butterley Park Railway Museum.

Saturday evening carvery and entertainment at the Hotel was organised and hosted by Dave Worne and Gwen....

.....with a bit of help from Dave Burgess!!

Some of us wandered off afterwards for a session in The Boat pub...
....where Meg and Cat laid on the entertainment!!

Our thanks to the organisers and staff at Alison House for another great Derbyshire Dales Weekend.

We'll be back next year!!

Richard and Meg Durrant
